Testing & Quarantine measures for FULLY VACCINATED international attendees

1 Arrange your Travel Visa

Some countries are eligible for the Korea Electronic Travel Authorization (K-ETA) visa waiver. Read more [here](#).

2 Register your vaccination history on the Q-CODE website

From 8 June 2022, you are exempt from quarantine regardless of vaccination if you hold a PCR negative test result tested within 48 hours OR a negative RAT test within 24 hours prior to departure.

You do this by registering your vaccination history in the Korean government's Q-CODE system:

We recommend using your mobile or tablet to access Q-CODE here

You can register early and save your progress. Please be ready to provide:

- ✓ Valid passport information
- ✓ Valid flight information
- ✓ Valid accommodation address
- ✓ COVID-19 vaccination certificate
- ✓ A negative COVID-19 test result (see next step)

3 Negative pre-departure tests to enter Korea

A **supervised RAT test** within 24 hours or a **PCR test** within 48 hours before your departure date are valid.

E.g., if your flight is at 14:00 on October 4, you must submit the PCR test result taken after 00:01 on October 2 or supervised RAT result taken after 00:01 on October 3.

※ A supervised negative COVID-19 Rapid Antigen Test (RAT) result will be additionally accepted from May 23, 2022.

Note that all forms of self-administered tests are NOT valid

4 Enter your test results in Q-CODE

The test information must be written in English or Korean.

Receive your QR code from Q-CODE

You are required to show this to Korean immigration officials upon entry.

5 Reserve your arrival PCR test

To avoid queues, you can reserve your test online at [Safe2Go](#).

6 Arrive at Incheon International Airport, Seoul

7 Complete PCR test at the airport

Operating hours: 07:00 ~ 21:00
Please kindly note that tests are at attendees' expense. (₩80,000, or approx. USD \$65)

8 Transit to your hotel By limousine bus or taxi

Your results will be provided via email 6 hours after completing your PCR test. We kindly ask you remain in your room until then.

E.g., Test Time	Checking the results
15:00~17:30	After 21:00 (same day)
18:00~20:45	After 8:00 (next day)

7 Incomplete PCR test at the airport

Within 3 days, you **must** complete PCR test at medical center nearby your hotel.

※ **RAT test is NOT valid.**

Negative result

Welcome to

Positive result

Current guideline

You will be required to self-isolate in a healthcare facility for 7 days. Please note this is at your own expense.

Plans for 23 May onward

The Korean government plans to ease quarantine from 'mandatory' to 'recommended', as long as the COVID situation does not worsen.
