

Curriculum Vitae

Name	Salvador Morales-Conde			
First Name	Salvador	Last Name	Morales-Conde	
Country	Spain			
Organization	Virgen del Rocio University Hospital			
Position	EAES President, Professor			
Department	General / Metabolic Surgery			

Educational Background

He is an Academic surgeon, being Associate Professor of Surgery in the Department of Surgery at the University of Sevilla (Spain) and Academic Fellow of the Royal Academy of Medicine and Surgery of Sevilla and Lugo (Spain), with a lot of activity internationally being visiting Professor of the School of Medicine at the Northeastern National University (Argentina), Faculty of the training program of the University of Malta, Faculty of the IRCARD/EITS (European Institute of Telesurgery) in Strasburg, France, since 2005, and in Barretos, Brazil, since 2012, Faculty of the Italian School of Abdominal Wall Surgery and Honorary member of the Society of Surgery of Portugal, Andalucía, Cuba and Venezuela.

Professional Experiences

Prof. Salvador Morales Conde is an expert in minimally invasive techniques

- Chief of the Unit of Innovation in Minimally Invasive Surgery of the University Hospital "Virgen del Rocío"
- Head of the General, Digestive and Laparoscopic Surgery Unit of the Hospital QuirónSalud Sagrado Corazón in Sevilla (Spain)
- Associate Professor of the Department of Surgery at the University of Sevilla (Spain)
- Accreditation for Full Professor of the University by the Ministry of Health (ANECA)

Professional Organizations

- President of the Spanish Association of Surgeons (AEC)
- President of the European Association of Endoscopic Surgeons (EAES)
- Past General Secretary of the European Hernia Society (EHS)
- Vice-Chairman of the Chapter of Abdominal Wall surgery of the European Union of Medical Specialists (UEMS)
- Director of the Training program of endoscopic surgery of the Spanish Association of Surgery (AEC)
- President of the Expert Committee of the Royal College of Medicine of Sevilla (from 2018)
- Chairman of the working group “Surgery-Covid-AEC”

Main Scientific Publications

- Papers published in peer-reviewed journals indexed in PubMed: 160
- H-index 37
- Author of different Clinical Guidelines and Consensus paper on different fields of surgery
- Books: - Several Chapters in National and International books
 - “Laparoscopic anti-reflux surgery”,
 - “Laparoscopic ventral hernia repair”
 - “Guidelines of Abdominal wall surgery of the Spanish association of Surgeons”
 - “Clinical Practice Guidelines of Innovation in Surgery”
 - “Surgery-AEC”
- **Main scientific papers:**
 1. Fluorescence angiography with indocyanine green (ICG) to evaluate anastomosis in colorectal surgery: where does it have more value? *Surg Endosc.* 2020 Sep;34(9):3897-390
 2. Clinical practice guidelines of the European Association for Endoscopic Surgery (EAES) on bariatric surgery: update 2020 endorsed by IFSO-EC, EASO and ESPCOP. *Surg Endosc.* 2020 Jun;34(6):2332-2358.
 3. Surgical Management of Patients With COVID-19 Infection. Recommendations of the Spanish Association of Surgeons. *Cir Esp.* 2020 May;98(5):251-259.
 4. European association for endoscopic surgery (EAES) consensus statement on single-incision endoscopic surgery. *Surg Endosc.* 2019 Apr;33(4):996-1019.
 5. Laparoscopic intracorporeal rectus aponeuroplasty (LIRA technique): a step forward in minimally invasive abdominal wall reconstruction for ventral hernia repair (LVHR). *Surg Endosc.* 2018 Aug;32(8):3502-3508.

6. International guidelines for groin hernia management. HerniaSurge Group.HerniaSurge Group.Hernia. 2018 Feb;22(1):1-165.
 7. Postoperative Pain After Conventional Laparoscopic Versus Single-Port Sleeve Gastrectomy: A Prospective, Randomized, Controlled Pilot Study Surg Obes Relat Dis. 2017 Apr;13(4):608-613.
 8. European Association of Endoscopic Surgeons (EAES) consensus statement on the use of robotics in general surgery. Surg Endosc. 2015 Feb;29(2):253-88.
 9. A new classification for seroma after laparoscopic ventral hernia repair. Hernia. 2012
